Smoke Sensor w/Escape Light

Detect the presense of smoke and trigger immediate alerts from your Room Alert.

RMA-SS1-SEN

We've got facilities covered.

The Smoke Sensor w/Escape Light allows you to detect the presense of smoke in your facility and trigger immediate alerts from your Room Alert monitor. This sensor also contains a bright escape light and loud buzzer that are triggered if the sensor is activated. For more information and specifications, please visit AVTECH.com.
