

Digital Active Power w/ Temperature Sensor

Easily monitor power status of nearly any AC powered electric device.

10' RMA-DAP-SEN
25' RMA-DAP-SEN25
50' RMA-DAP-SEN50
100' RMA-DAP-SEN100

We've got facilities covered.

Easily monitor power status in real time with our patented Digital Active Power w/Temperature Sensor. Simply attach it to an AC power cord and you'll be receiving power status in moments through your Room Alert monitor. As an added bonus, this sensor comes in multiple lengths and also monitors temperature, perfect for server installations, closets and more.
