RE: Room Alert Products Are Made In USA

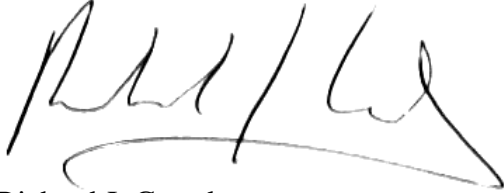

Customers, Resellers & New Clients,

Thank you for contacting AVTECH to request substantiation about our statement that Room Alert is “Made in the USA” and “TAA Compliant”. We are a company who believes in the value of a domestic supply chain, and proudly manufactures products in the USA.

Please let this letter serve as a personal and corporate guarantee that all Room Alert products and sensors manufactured by AVTECH are all manufactured in the USA as of the date referenced above. Our domestic supply chain is one of our key strategic advantages, and we intend to remain committed to USA manufacturing well into the future.

Thank you and please feel free to contact us with further questions at any time.

Regards,

Richard J. Grundy
President & COO
