

# Room Alert 12E

Advanced features, midrange capacity & midrange priced monitoring.

  
 Standard RA12E-TH1-WAS  
 Rack RA12E-TH1-RAS

## We've got facilities covered.

The Room Alert 12E is our midrange monitor that monitors temperature and has capacity for up to 8 more sensors, and also offers additional dedicated ports to toggle electrical devices on/off. Available in wall mount (Room Alert 12E) or rack mount (Room Alert 12ER) versions, this is the perfect monitor for mid-sized spaces. Need advanced security features? Check out the Room Alert 12S. For more information and specifications, please visit [AVTECH.com](http://AVTECH.com).
