$295
TMP4-ES1-RAS

INCLUDES: TemPageR 3E ID Box in Rack Unit (1U 19″), 1 built-in Digital Temperature Sensor, 1 external Digital Temperature Sensor, 3 Digital Sensor Ports, Ethernet connection, 10´ Ethernet cable, 5V Power Adapter (110/240V, RoHS), built-in web server, SNMP Trap & Query enabled, bundled Device ManageR software license, PageR 5 Object Enterprise software license, CD installation & resource media, printed *TemPageR 4E User's Guide & Reference Manual*, printed *Getting Started With PageR Enterprise* manual, 12 months of Maintenance Support & Update Service (MSUS), '30-Day Satisfaction Guarantee' and special offers on other products. Rack mount bracket, additional sensors and PageR Enterprise license upgrades available.

TemPageR is perfect for widely dispersed monitoring of temperature, especially when cost is a concern. TemPageR is the most widely installed product of its type and sells like popcorn at the movies. Perfect for small telecom rooms, monitoring every rack in your data center with multiple sensors and when a large deployment is desired. When you need a highly reliable solution on a budget, TemPageR is absolutely the best. Also included are licenses for AVTECH's powerful Device ManageR and PageR Enterprise software for network-wide monitoring. TemPageR 4E allows for 3 digital sensors (temperature only).
